

# I'M FABULOUS® Cosmetics

## Super Peptide Eye Serum, organic

Amazing serum, that works like magic!!! Super thick serum, you feel it working!

The massively talked about active ingredient Syn-ake® works like Botox, by inhibiting the release of neurotransmitters which cause facial muscle tension (fine lines & wrinkles). With the muscle contraction inhibited, fine lines and wrinkles are visibly reduced. So a bit like the action of Botox - without the needles and pain.

Syn-ake® is scientifically and clinically proven to reduce wrinkle depth and quickly! Add to this the other wrinkle busting ingredients and you can declare war on your wrinkles and frown lines.

Lightweight, effective, efficient, unique. Peptides in this unique suspension stimulate collagen 1, collagen 111, and elastin fibroblasts.

This stimulation supports the healing and repair response in the skin, increases skin thickness, refines the appearance of wrinkles, evens skin tone and texture, and restores elasticity and firmness to the skin.

Hyaluronic Acid, periwinkle, licorice, and MSM ensure that deep penetration below the upper dermal layers transform crepe paper skin into healthy, resilient, and firm skin around your eyes.

**How to use:** Dab around eyes, forehead and cheek area. Can be used as an all over face treatment. Safe to use morning and night. Can be used under makeup.

### Ingredients:

Snap-8 Peptide, Snake peptide, Organic Herbal Infusion, Organic Aloe Barbadensis Leaf (Aloe), Cucumis Sativus (Cucumber Distillate), Organic Simmondsia Chinensis (Jojoba Oil), Cassia Angustifolia Seed Polysaccharide (botanical hyaluronic acid), Methylsulfonylmethane (MSM), Hydroxyethyl Cellulose, Carrageenan Gum, Silk Protein Amino Acid Blend (Sodium L-Pyrrolidone Carboxylate, Sodium Lactate, LArginine, L-Aspartic Acid, L-Pyrrolidonecarboxylic Acid, Glycine, L-Alanine, L-Serine, L-Valine, L-Proline, L-threonine, L-Isoleucine, L-Histidine, L-Phenylalanine), Wildcrafted Vinca Major (Periwinkle), Organic Glycyrrhiza Glabra (Licorice), Tocopheryl Acetate (Vitamin E), Sodium Benzoate, Potassium Sorbate, Ethyl Hexyl Glycerin and lots of love.
